# OVERVIEW

Daffodil Computers Ltd.  
1990 - Running

Daffodil Computers Ltd. (DCL) is the first startup to start its journey concentrating on IT and Education. It was established in 1990 as a proprietorship company of Dr. Md. Sabur Khan, the former president of Dhaka Chamber of Commerce and Industries (DCCI) and Bangladesh Computer Samity (BCS). DCL became public listed in 2001 and got listed in Dhaka Stock Exchange and Chittagong Stock Exchange in 2002 as the first pure IT Company in the country. Today DCL has countrywide clients, customers, partners, and global linkages. DCL brought all types of IT/ITES services under one umbrella and delivered advanced technology to the local market as per its commitment to improving people's lives. DCL has the comprehensive, cross-industry experience and expertise to serve exactly the way clients expect. Also, it has a broad product portfolio and long product life cycles which helped to achieve the trust of our clients.

Technology is the trend and Daffodil Computers is leading that trend ensuring Industrial Revolution 4.0. Being an ISO ISMS 27001 Certified Company, it is working to fulfill the exact demand of applications and customize the software for existing and potential local and international markets. DCL is run by an expert management team as well as a skillful technical and business team who are certified by the different vendor certificates including International Software Testing Qualifications Board (ISTQB). All of the products and services are implemented, tested, and documented following international standards and compliances.

To play a role in the dissemination, marketing, and production of Bangladeshi products, Daffodil Computers is working to produce "DCL" own branded IT products like Laptop, Mobile, UPS, etc. To create employment and build its own branded products DCL introduce a manufacturing factory at Bangabandhu Hi-Tech City, Kaliakair, Gazipur. DCL ensures the Returns on Investment (ROI) of its clients and shareholders.
